

The prerequisite for logging into the ISKAM accommodation system is that you already have a login name assigned by the study department and a permanent password. If not, read the "Login name and password" manual.

Login to ISKAM

Go to <https://koleje.jcu.cz/>

Use the link "**PŘIHLÁŠENÍ STUDENTŮ DO ISKAM**" here

Log in with your login name (this is your STAG login name) WITHOUT a link and extension!

If you do not have your login name, i.e. for example, you have finished your bachelor's degree and are starting another type of study or you are just a student applicant, you can still log in to ISKAM in the following way:

Go to the page <https://koleje.jcu.cz/>

Use the link here: "Logging others into ISKAM"

In the login form, enter your social security number without a slash as a login.

As a password, enter the lowercase first letter of the first name and the lowercase first letter of the last name.
